

# GALLERY STRATFORD

Gallery Stratford's exciting new **Steelbox Art Lab** is an off-site exhibition and project space utilizing a re-purposed shipping container. The Steelbox Art Lab is a community outreach project, where any artists, youth, creative minds, and members of the community have a chance to share their artwork, installations or projects. The shipping container currently sits in the YMCA Parking Lot, next to the Skate Park on Downie Street in downtown Stratford.

We are currently accepting proposals for use of the space. We invite your creative ideas and experiments. After all this is an 'art lab'. Projects can be as short as a weekend or as long as a month and can utilize the interior or exterior spaces. The Steelbox Art Lab is solar-powered and fully-accessible.

In your proposal, please include a statement about what you wish to exhibit/install/do with the space, as well as a timeline for how long you wish to use it.

Until we have sufficient funding in place, all projects must be self-supported. Gallery Stratford will work with you to develop your project and will provide the space, signage and marketing.

**Please forward proposals to [abrayham@gallerystratford.on.ca](mailto:abrayham@gallerystratford.on.ca).**

The Steelbox Art Lab has received generous support from:

**Julie Dingman** of

an Ontario government agency  
un organisme du gouvernement de l'Ontario

**Michael Wilson | Architect**

Space for the Steelbox Art Lab generously provided by:

54 Romeo Street South  
Stratford ON N5A 4S9
